

Hedgehogs Homework - Autumn Term

Autumn Term Padlet

DWALTERS27 FEB 28, 2022 03:45PM UTC

Homework Padlet

This is a padlet of ideas for activities that you can complete at home over the Autumn term. You can do these activities in any order and the idea is that you complete 1 activity per week in addition to sharing your reading book at home. I have also included some themed stories and songs to watch and listen to.

Please email in photos of the activities you do together! Enjoy!

Topic - Everyday Life

We are focusing our activities this term around our topic - Everyday Life. Our Science focus is everyday materials and changing seasons. For English and Phonics, we will be exploring Attention Autism in class and exploring our favourite nursery rhymes, as well as focusing on mark making and fine motor skills. For Maths, we will be exploring our early Maths skills.

Activity One - Nursery rhymes

Sing along to your favourite nursery rhymes at home or join in with the actions and Makaton.

Activity Two - Exploring sounds

Create your own instruments at home using household items. This could be saucepans and wooden spoons, metallic household items, making sensory bottles from rice/ pasta, etc.

Activity Three - Autumn walk

Go on an autumn walk and see what you can hear. Listen to the birds in the trees and the leaves crunching beneath your feet. Splash in muddy puddles! Collect leaves and pinecones and explore their sizes and colours - you could even create a collage or prints of what you find on your walk.

Activity Four - Turn taking

Practise turn taking with your family and friends. Can you take turns to build a tower using blocks, or roll a ball back and forth?

You might even have a favourite game that you like to play or a favourite book that you can share!

Activity Five - Counting

Explore counting to 10 in different ways. This could be by creating a hopscotch in your garden, bouncing on a trampoline and counting 10 jumps, counting your teddies or toys, etc.

Activity Six - Mark making

Practise mark making using a range of mark making tools. This can be paint, crayons, pens, ect. or you could create sensory trays such as flour, rice, sand, etc. and make marks using your fingers. Practise making lines and circles.

Phonics - Animal sounds

Interactive game - explore animal sounds and match the sounds to the animals.

Welcome To The Zoo

Animal Bingo - Who is at the zoo?

PHONICS PLAY

Exploring sounds - Blob Opera

Interactive game - explore a range of sounds and pitch using your finger to control the sounds.

Phonics - Alphablocks

Explore letter sounds with Alphablocks.

Alphablocks - Alphablocks A to Z

Meet each letter from the Alphablocks.

BBC

Sharing a story

Explore the changes from Autumn to Winter and share the story of Stickman. See if you can collect resources during your Autumn walk to use as props for the story.

Count to 10 song

Count with Numberblocks

Dough Disco

Develop your fine motor skills through Dough Disco. Squeeze, squash, roll and tear the dough and see what you can make!

Cosmic Yoga

Get your body moving and copy the actions to cosmic yoga.
