How to use this Padlet

Each day, your daily activities will be sent out on here as a timetable, including a brief description of that activity for that subject.

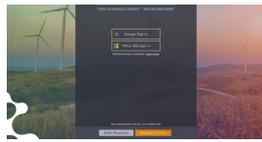

For the majority, you will then be directed to your Discovery Education page to find videos, notes and the set activity for you to complete at your Badgers differentiated level.

Please click on the attachment below to access your Discovery Education page.

Remember to click 'mark as complete' when you have finished. This allows me to see that you have been able to access each piece of work that has been set.

Sign in | Discovery Education

Javascript must be enabled to use Discovery Education. Additional setup is required. Learn more. Does your school/district access Discovery Education from a custom URL? Enter your district's custom URL to sign in using Single Sign On (SSO).

Reading - Bug Club

We have been able to set up our reading books online. I have allocated books to each of your profiles. This is a fantastic resource where you read the exact books that you would read in school, set at your phonics level, but on the computer/tablet screen.

If you find that you have books without words, then this is an opportunity for you to explore the pages of the books by finding different items (for example, where is the red balloon and then verbalise these nouns, adjectives and verbs - I can see the girl running...).

Once these books are completed, the website will/should automatically progress through to another book or you can choose one?

I will send you your username via an email but below is the password and school code.

Password - Badgers

School code - cjaw

ActiveLearn: Login

A digital learning space for your pupils and a toolkit for you, so that you can search, plan, allocate and assess all in one place.

Maths - Subtraction within 20.

Starter song - <https://www.youtube.com/watch?v=THYIzpMOV-M>

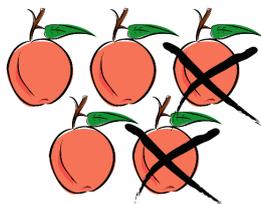

Please watch the Sway video below for support with today's subtraction activity.

You will find your work sheet attached to your Discovery Education page. These worksheets have pictorial representations on. Please use these to support you using real objects, if you need to.

Maths - subtraction using pictures within 20.

RESPECT - Pancake day (although this is in the half term).

I know that Pancake Day is during the half term but we would enjoy celebrating this during school time as we all enjoy eating pancakes!

I have uploaded you a video and PowerPoint for you to watch and engage with on your Discovery Education page that tells you all about Shrove Tuesday (Pancake day). Watch these and then enjoy drawing/designing your perfect pancake.

Makaton sign of the week

It's a tricky word to describe but an easier word to sign - Collaboration. Watched the attached YouTube video to learn more.

Collaboration

Learn a new word every week and be inspired to get signing. The sign for 8th - 14th February 2021 is Collaboration.

MAKATON

Safer Internet Day 2021

The video attached may not be the most easy to understand but it does allow us to have a chat centred around keeping safe when using and on the internet. Please have a watch - the video has been provided by Staffordshire Police.

English - Sequencing our story, Lost and Found.

Please spend time watching the story to Lost and Found on the other Padlet slide. Once you have watched it then use the pictures on your sequencing worksheet to order them. This will support our retell, memory recall and verbalising. This may be a useful task for us adults too and by watching back the story, this will support us identifying what comes next in the story.

Lost and Found sequencing of the story.

Safer Internet Day PowerPoint story.

An easier to understand story about Safer Internet Day. Looks of opportunities to chat about how we can keep safe while on the internet.

Notes to Practitioners

Buddy the Dog's Internet Safety Story can be used to teach young children how to use the Internet safely in a fun way! The story specifically focuses on the safe use of tablets and smartphones.

As you read the story, you may like to ask your children their opinions on what Ben should do in each scenario. This will help to initiate discussions about key online safety issues.

A catchy song is also included within the story to reinforce the key Internet Safety messages.

You may wish to delete this slide before beginning the presentation.
