RESPECT - The history of Valentines Day.

It's almost Valentines Day - Some call it the day of love but what is the history (are one of the stories) behind this day? Read through the PowerPoint below before going to your Discovery Education page where you will find some Valentines Day card template. You can however choose to do what you like in order to make your own card. The question is, who will receive your card? This can be anybody that you love and you want to let them know.

PADLET DRIVE

How to use this Padlet

Each day, your daily activities will be sent out on here as a timetable, including a brief description of that activity for that subject.

For the majority, you will then be directed to your Discovery Education page to find videos, notes and the set activity for you to complete at your Badgers differentiated level.

Please click on the attachment below to access your Discovery Education page.

Once you have engaged with the activity then click 'mark as complete' when you have finished.

This allows me to see that you have been able to access each piece of work that has been set.

Sign in | Discovery Education

Javascript must be enabled to use Discovery Education. Additional setup is required. Learn more. Does your school/district access Discovery Education from a custom URL? Enter your district's custom URL to sign in using Single Sign On (SSO).

DISCOVERYEDUCATION

Website:

Don't forget, there are a wealth of learning websites and ideas on our website too.

Maths - subtraction with concrete objects

Subtraction song starter - <https://www.youtube.com/watch?v=OkPa9V2wtZs>

To start your maths today, watch the YouTube song above. After this, watch my Sway video below where I will show you some example of subtraction using concrete objects.

Subtraction using concrete objects

Created using Microsoft Sway

SWAY

English - Writing captions to our pictures.

Start you English by watching the Sway video attached. Captions verbalising and writing is important for use and helps us to develop verbalising what we can see in pictures. The supports our retell and recall by identifying simple sentences. You will find that I have attached you some symbols to support building simple sentences for these captions, on your Discovery Education page. See if you can talk about each picture with your adult first.

Lost and Found captions - simple sentences

Reading - Bug Club

We have been able to set up our reading books online. I have allocated books to each of your profiles. This is a fantastic resource where you read the exact books that you would read in school, set at your phonics level, but on the computer/tablet screen.

If you find that you have books without words, then this is an opportunity for you to explore the pages of the books by finding different items (for example, where is the red balloon and then verbalise these nouns, adjectives and verbs - I can see the girl running...).

Once these books are completed, the website will/should automatically progress through to another book or you can choose one?

I will send you your username via an email but below is the password and school code.

Password - Badgers

School code - cjaw
