BADGERS1 NOV 18, 2020 08:27AM

How to use this Padlet

Each day, your daily activities will be sent out on here as a timetable, including a brief description of that activity for that subject.

For the majority, you will then be directed to your Discovery Education page to find videos, notes and the set activity for you to complete at your Badgers differentiated level.

Please click on the attachment below to access your Discovery Education page.

Remember to click 'mark as complete' when you have finished. This allows me to see that you have been able to access each piece of work that has been set.

Does your school/district access Discovery Education from a custom URL? Enter your district's custom URL to sign in using Single Sign On (SSO).

DISCOVERYEDUCATION

Phonics

This week, you will find on your Discovery Education page that you are working on your phonic phase tricky words. Remember, these are words that we cannot sound out but learn through repetition on learning the words and applying them.

Maths - Statistics - Block and bar charts

Block/bar chart starter -

<https://www.youtube.com/watch?v=ZWvp2TQ428Q>

Last week we worked on tally charts and how these are used as a form of data collection. This week, we are going to focus on representing data in block and bar charts. The video above represents well what a bar chart is and how we can read this information. At the end of the week, we will answer some problem solving questions to check our understanding of data collection.

SWAY

RESPECT and PSHE

To support our wellbeing, we are discussing, thinking about and engaging with things that make us happy.

What makes you happy?

When do you feel happy?

What makes you smile?

What do you enjoy doing?

What makes others happy? - is it when you help them? When you are kind? When you listen to instructions?

Things That Make Me Happy

What makes you happy? Have a think and talk about your ideas with a grown-up and your friends. Draw an idea into each thought bubble – you can draw a smiley, happy picture of you too!

Lost and Found English task - Packing your suitcase for the South Pole

Created using Microsoft Sway

SWAY

English story

Before completing today's English work on Discovery Education, enjoy listening to our story - Lost and Found.

You will find me reading the story on Sway below. If this buffers then you can find the story on YouTube to watch and listen to.

Lost and Found - The full story to listen to, by Sam

Maths - Numbots

How are you getting on with your Numbots challenges?
Have you managed to choose your robot avatar? How many points/coins have you managed to collect?
Enjoy - this is a lovely activity to spend 20 minutes with each afternoon to develop your understanding of number, addition and subtraction.

Numbots Game

NUMBOTS

English activity.

Watch the Sway video below that will explain today's activity.
You will find, on your Discovery Education page, an activity that asks you to discuss and write what items of clothing you may need to visit the South Pole. There are symbols attached to support this activity.

Reading - Bug Club

We have been able to set up our reading books online. I have allocated books to each of your profiles. This is a fantastic resource where you read the exact books that you would read in school, set at your phonics level, but on the computer/tablet screen.

If you find that you have books without words, then this is an opportunity for you to explore the pages of the books by finding different items (for example, where is the red balloon and then verbalise these nouns, adjectives and verbs - I can see the girl running...).

Once these books are completed, the website will/should automatically progress through to another book or you can choose one?

I will send you your username via an email but below is the password and school code.

Password - Badgers

School code - cjaw
