

# Wednesday 20.1.21

**BADGERS1** NOV 18, 2020 08:27AM

## How to use this Padlet

Each day, your daily activities will be sent out on here as a timetable, including a brief description of that activity for that subject.

For the majority, you will then be directed to your Discovery Education page to find videos, notes and the set activity for you to complete at your Badgers differentiated level.

Please click on the attachment below to access your Discovery Education page.

Remember to click 'mark as complete' when you have finished. This allows me to see that you have been able to access each piece of work that has been set.

### Sign in | Discovery Education

Does your school/district access Discovery Education from a custom URL? Enter your district's custom URL to sign in using Single Sign On (SSO).

DISCOVERYEDUCATION

## Daily timetable

I am attaching a daily timetable that you may or may not want to follow. This is at your discretion. It may help to support your throughout the day.

Attached is a provisional daily schedule for you to follow to offer some routine and predictability during the day. Our Badgers class members really thrive on the predictability during the day.

Please use this as you feel able. You may wish to use it as a daily 'tick list' to tick off daily tasks or to use it as a timetable for rigidity. Either way, I hope that it offers a flow throughout the day.

PADLET DRIVE

## Phonics

Please find your weekly phonics attached in your Discovery Education page.

You will find a new sound for you to focus on today, that's two new sounds this week.

## Maths - Statistics - Tally charts

Tally song starter -

<https://www.youtube.com/watch?v=tbXER6bLyu4>

Similar to yesterday, you are going to continue with exploring tally charts and understanding why they are used as a form of collecting data.

Please work through the PowerPoint below but just focus on the tally charts (and not the bar chart - this is next week).

Once you have listened to the song and explored the PowerPoint, go to your Discovery Education page and work on the Lego work sheets attached. You may want to change the Lego for different items, depending on what you have at home. You need to work with your adult to count out the items and mark them off on the tally and finish by counting the totals.

## Topic - Decorating your Badger for the whole school project.

With regard to last week's email, I would like you to draw, collage, paint print, colour, craft (with junk modelling) your own badger. Once you have completed your badger please take a picture of it so that we can attach this to our whole school art

project.

See the attachment below to see what has been made in class.

### Handprint Woodland Badger Puppets

Autumn always gets us thinking about Woodland animals. I guess it's linked to our focus on trees as they lose their leaves and animals like hedgehogs and bears as they start to prepare for Winter hibernation. Here in the UK one of our favourite woodland animals is the badger.

## English - Handwriting

Today, I would like you to continue to focus on your handwriting - this includes letter formation, keeping your letters on the line and finger spaces.

Badgers love all things 'under the sea'. Use the prompt cards to support some verbalised exciting sentences for you to then write.

A set of handwriting practice lines consisting of a solid top line, a dashed middle line, and a solid bottom line.	A small illustration of an underwater scene with a blue background, a yellow sun, and a small orange fish.
<p>His scales</p> A set of handwriting practice lines with the words 'His scales' written in a large, bold font at the top.	A colorful illustration of a fish with a blue body and scales in shades of green, yellow, and red.

## Maths - Numbots

How are you getting on with your Numbots challenges?

Have you managed to choose your robot avatar? How many points/coins have you managed to collect?

Enjoy - this is a lovely activity to spend 20 minutes with each afternoon to develop your understanding of number, addition and subtraction.

### Numbots Game

NUMBOTS

## Website:

Don't forget, there are a wealth of learning websites and ideas on our website too.

<https://www.springfield.staffs.sch.uk/information/home-learning>

## Reading - Bug Club

We have been able to set up our reading books online. I have allocated books to each of your profiles. This is a fantastic resource where you read the exact books that you would read in school, set at your phonics level, but on the computer/tablet screen.

If you find that you have books without words, then this is an opportunity for you to explore the pages of the books by finding different items (for example, where is the red balloon and then verbalise these nouns, adjectives and verbs - I can see the girl running...).

Once these books are completed, the website will/should automatically progress through to another book or you can choose one?

I will send you your username via an email but below is the password and school code.

Password - Badgers

School code - cjaw

## ActiveLearn: Login

A digital learning space for your pupils and a toolkit for you, so that you can search, plan, allocate and assess all in one place.
