How to use this Padlet

Each day, your daily activities will be sent out on here as a timetable, including a brief description of that activity for that subject.

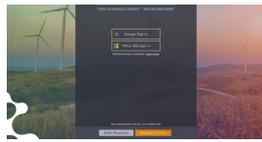

For the majority, you will then be directed to your Discovery Education page to find videos, notes and the set activity for you to complete at your Badgers differentiated level.

Please click on the attachment below to access your Discovery Education page.

Remember to click 'mark as complete' when you have finished. This allows me to see that you have been able to access each piece of work that has been set.

Daily timetable

I am attaching a daily timetable that you may or may not want to follow. This is at your discretion. It may help to support your throughout the day.

Attached is a provisional daily schedule for you to follow to offer some routine and predictability during the day. Our Badgers class members really thrive on the predictability during the day.

Please use this as you feel able. You may wish to use it as a daily 'tick list' to tick off daily tasks or to use it as a timetable for rigidity. Either way, I hope that it offers a flow throughout the day.

Phonics

Please find your weekly phonics attached in your Discovery Education page. This will be a video to watch, based on this week's sound, followed by an activity to complete, such as blending or segmenting words.

SAM JAN 06, 2021 09:45AM

Reading - Bug Club

We have been able to set up our reading books online. I have allocated books to each of your profiles. This is a fantastic resource where you read the exact books that you would read in school, set at your phonics level, but on the computer/tablet screen.

If you find that you have books without words, then this is an opportunity for you to explore the pages of the books by finding different items (for example, where is the red balloon and then verbalise these nouns, adjectives and verbs - I can see the girl running...).

Once these books are completed, the website will/should automatically progress through to another book or you can choose one?

I will send you your username via an email but below is the password and school code.

Password - Badgers
School code - cjaw

ActiveLearn: Login

A digital learning space for your pupils and a toolkit for you, so that you can search, plan, allocate and assess all in one place.

Topic - Supporting the canal and river trust.

Over the next couple of weeks, we shall explore our canal and river systems. This is a great resource that we have access to with online games, activities and crafts that you can take part with at home. We all live locally to a river or canal systems so it is important that we understand the dangers of these, how to keep ourselves safe around them and why they are there. This week, why not have a go at playing the online canal game and building your own canal using junk modeling. I know that I always end up with lots of boxes and cardboard at home.

Build a Canal | Canal & River Trust

Use these activities and resources to encourage children to read, watch, play, create and do as they learn how and why canals were built and how they changed Britain. We'd love to see your Mini Canal Adventures. Share them with us on the Explorers Twitter or Facebook pages.

English - Other words instead of 'happy'.

Yesterday you were broadening your vocabulary to use more exciting words than 'sad'.

Similar to yesterday, work with your adult to think of more exciting words than 'happy'.

Please watch the video below where I am reading the second part of the story and why Little Pip-Pip is now happy, ecstatic, elated, delighted...

If you are building a sentence to describe then you may be able to still work with your adult to come up with some different describing words.

Be Brave Little Penguin - Part 2

Similar to yesterday, I would like you to develop a word bank that describes being happy but uses more exciting words. Enjoy hearing the second part of the story too. You will then be directed to your

Maths - Super Symmetry

Please start by watching the song attached -

<https://www.youtube.com/watch?v=SJlhywRfvh8&safe=active>

Working with your adult, the PowerPoint presentation below will talk you through what symmetry is. Can you think of where we might see symmetry around us (maybe a butterfly). You could have a go at symmetry painting or drawing - please click on the link.

<https://artfulparent.com/butterfly-symmetry-paintings/>

You will also find a shape symmetry activity attached to your Discovery Education page.
